Text Books and Theoretical Works in Augener's Edition.

FRANKLIN PETERSON'S

POPULAR TEXT-BOOKS.

Cr. 8vo. Bound.

Edition No. — *Net.*

9191 ELEMENTS OF MUSIC.

Sixth Edition 1/-

"For young students and beginners who wish to make solid progress in the theory of music not anything better could be found."—*Musical Opinion.*

"Its 57 pages are full of excellent advice, conveyed with authority and perspicuous arrangement."—*Musical Standard.*

"Mr. Peterson's little book is well planned and clearly written, and . . . distinctly useful."—*Musical News,*

9192 AN INTRODUCTION TO THE STUDY OF THEORY. A Sequel to the "Elements of Music," and intended to prepare the Student for Professor Prout's series of Theoretical Works.

Second Edition 1/6

Extract from a letter from PROFESSOR E. PROUT.

"Best thanks for the copy of your 'Introduction to the Study of Theory,' which you have done me the honour of dedicating to me. I have read it very carefully, and consider it admirable in its clearness and simplicity."

Extract from a letter from PROFESSOR NIECKS.

"Your 'Introduction to the Study of Theory' is a clearly and interestingly written book, which will be read with pleasure by teachers and studied with advantage by learners. The musical illustrations are truly and delightfully illustrative."

10101 PIANISTS' HANDBOOK.
A Theoretic Companion to Practice. Part I.

Second Edition 1/6

"The aim of this book is to preserve in a form convenient for reference the *notabilia* that a competent teacher would be likely to give to a junior pupil in the course of his teaching. The points are stated with that clearness and simplicity which marked the author's 'Elements of Music,' and will certainly be helpful to any student who cares enough about acquiring a good style to listen to advice. The various difficulties of technique are treated with a just sympathy from the beginner's standpoint: the remarks on part-playing are particularly good. We are glad also to see that the subjects of sight reading and committing pieces to memory are not forgotten."—*The University Correspondent,* April, 1899.

10102 PIANIST'S HANDBOOK.
A Theoretic Companion to Practice.

Part II. 1/6

"This is essentially a book for learners, written by one who understands the difficulty of teaching, and the points which it is necessary to make plain in order to help the student. The sections are written in a sensible, straightforward way, such as a good practical teacher would employ in addressing a class. The present little volume deals with composition and form, and contains moreover, a brief review of musical history. Both for learners in musical art as well as for those who desire to revive a half-forgotten acquaintance with the subject, this handbook may be warmly commended. It is an admirably lucid and well arranged book."—*The Scotsman.*

10103 CATECHISM OF MUSIC 2/-

Extract from AUTHOR'S PREFACE.—Some Catechisms seek to put into the mouth of pupils answers to questions asked by the teacher. My aim has been to give such answers as a teacher might give to questions which an ideal student, or rather an incorporation of many ideal students, might ask. This method has allowed of fuller explanation where necessary, and also of occasional notes suggested by question or answer.

EBENEZER PROUT'S

THEORETICAL WORKS.

Demy 8vo. Bound.

Edition No. — *Net.*

9192 HARMONY; ITS THEORY AND PRACTICE. By EBENEZER PROUT, B.A., Lond., Hon. Mus.Doc. Trin. Coll. Dublin and Edinburgh, and Professor of Music in the University of Dublin.

THE ORCHESTRA:

9189 Vol. I., The Technique of the Instruments.
Second Edition 5/-

9190 Vol. II., Orchestral Combination.
Second Edition 5/-

"It would be impossible to overrate the value of Mr. Prout's labours in the important series of theoretical books from his pen now being issued by Messrs. Augener & Co. . . . The labours of Mr. Prout in placing a well-considered series of works on the various branches of the art of making music deserve grateful recognition. It must not be overlooked that the work done is not only thorough, but, to use a modern expression, 'up to date': so that the student guided by Mr. Prout finds himself in the hands of one who can be learned without being pedantic, and never fails to see that which is practical and useful through the medium of that which is theoretical or speculative."—*Musical News,* May 13, 1892,

". . . As text-books, Mr. Prout's theoretical treatises will doubtless take the position of standard works."—*Daily Telegraph,* March 17, 1893.

". . . Perhaps the most remarkable series of musical text-books ever issued."—*Weekly Dispatch,* January 7, 1894.

"The motto on all Mr. Prout's treatises might be 'Musical instruction made easy.' Thanks to him, students can now gain really large acquaintance with the works of all the acknowledged masters, ancient and modern, without the trouble and expense entailed in the purchase and study of the scores."—*Athenæum,* April 14, 1894.

". . . The most practical series of text-books on the subjects of musical theory ever placed before the public."—*Athenæum,* August 9, 1890.
